

At the heart of the nobility of materials and contemporary fine and applied arts, Spazio Nobile cultivates a territory of exchange between cultures, offering a journey that is both terrestrial and cosmic. The magic of 'genius loci' is present both in the gallery and in the extramuros exhibitions. The unique works of the artists and designers respond to each other, offering a glimpse of the perceptible and the imperceptible. Spazio Nobile combines the beauty of impermanence with the rhythm of the seasons, defying the linear cycle of our lives. We wish you all the best for 2024!

By opening Spazio Nobile in 2016 in the very lively and cosmopolitan neighbourhood of Place Brugmann in Brussels, art historians Lise Coirier and Gian Giuseppe Simeone have united their passions for design and art history, initiating an erudite dialogue between contemporary applied arts, design and photography. With no boundaries between disciplines, the visual arts interact with the fine arts. Commissioning a collection of unique pieces, limited editions and installations both experimental and artistic, with a particular sensitivity to everything related to nature and minerality, each year the gallery organises five exhibitions and several events in art and heritage venues (Maison Louis Carré, Yvelines, France; Ancienne Nonciature, Grand Sablon; Lempertz, Brussels, etc), including *Spazio Nobile At Home* in their private villa in Tervuren. Spazio Nobile also takes part in Belgian and international fairs such as Art Brussels, Luxembourg Art Week, Art on Paper, Collectible Design Fair, Nomad Circle, PAD Paris and PAD London, Design Miami/Basel, Ceramic Brussels, Salon Art + Design New York, Unique Design Shanghai, etc. The gallery represents around 30 emerging and renowned artists and designers on an international scale, while promoting high-end craftsmanship and the cultural dialogue between East and West. Spazio Nobile also curates *TlMag True Living of Art & Design*, established by Lise Coirier in 2008; through this yearly art and design magazine, available in print and online, the gallery shares its selection and its artistic and cultural commitment to collectible art and design. Spazio Nobile has received the *Homo Faber* label of excellence, and continues exploring its *Glass is Tomorrow* international project. In 2020, Spazio Nobile Gallery opened *Spazio Nobile Studiolo*, a permanent exhibition space, across the street of the main gallery which is located at the 'bel étage' of a 1920s house.
