Interior Nature
Group Exhibition

Lise Coirier & Gian Giuseppe Simeone are pleased to invite you in their private villa to discover the Spazio Nobile collections of contemporary applied art. The objects and works of art are integrated into the main floor of the early 20th century interior of the house, located on the edge of the Forêt de Soignes. The collectible furniture and objects flourish in close association with the century-old garden, redesigned five years ago by the landscape architect Aldrik Heirman.
