## *The Weave of Light*

### Group Exhibition

Since 2020, Villa Spazio Nobile — formerly Spazio Nobile At Home — has offered a unique curatorial format as a natural extension of its Brussels gallery, curated by Lise Coirier and Gian Giuseppe Simeone. *The Weave of Light* explores the subtle dialogue between light, materiality and the human experience. It marks the beginning of a new series of exhibitions and events in which interior and exterior, intimacy and openness, and art and landscape are in constant dialogue. By bringing together a variety of practices and perspectives, this group exhibition establishes the villa's evolving role as a hub for dialogue and cultural vitality.
