## Vera Vermeersch, Artist Studio Showcase *Dove batte il cuore*

Spazio Nobile is delighted to invite you into the world of Vera Vermeersch, a leading figure in Belgian textile art. She conceives and executes her creations, inspired by Italian landscapes and Old Masters such as Van Eyck. She masters both yarn and composition, transforming sketches into hand-tufted tapestries and bozzetti. Her works become collages, an emotional mapping of the Piedmont valley visible from her home, *La Palude*. Each piece is a layered interpretation, where color, thread, and material reveal hidden poetry and virtuosity. The scent of the sun and distant voices, *L'odore del sole, le voci lontane*, evoke a deep dialogue with nature. Through her tapestries, she translates subtlety, rhythm, and lyricism into works both technically brilliant and profoundly evocative. Vera Vermeersch's art is a tactile, poetic fusion of landscape, memory, and imagination.
